

I DON'T want any calls from solicitors at any time. They are wasting my valuable time. If I want to purchase anything at all, I shall make an effort to look them up. I pay for phone use to use as needed for important business and emergencies. I don't need telemarketers tying up my phone lines for unnecessary jumbo. I don't want them infringing on my rights. Thank you very much.
Sincerely, Thomas D Nemeth
Thank you very much
